

IEEE Magnetics Society Sendai Chapter

Workshop on Signal Processing Technology for High Density Magnetic Recording

Date and Venue

Date: Dec 20, 2011

Time: 15:00 – 19:30

Venue: Meeting room, 4F, Building 2,
Research Institute of Electrical Communication, Tohoku University

Program

15:00 Opening

15:00-16:00

“Review of Signal Processing Method for Magnetic Recording Channels”

Professor Seiichi Mita

(Toyota Technological Institute, Information and Communication Engineering Laboratory)

16:00-16:45

“Overview of Signal Processing Technology for Hard Disk Drives”

Professor Yasuaki Nakamura

(Ehime University, Faculty of Engineering)

16:45-17:30 Discussion

18:00-19:30 Beer with the speakers
